RE: Complaint Cover Letter Dated January 31, 2007

Dear Ms. Andrews:

Recently you received a cover letter from me in the matter of a complaint filed by Mr. Michael Milici against a Branford RTM representative.

Please note that in no way should this cover letter be interpreted as a sanctioned action by the Branford RTM and for that reason should have not been sent in the form that I used. The cover letter should have been sent and signed: James W. Bruno.

Again, I hope this makes clear to you that the Branford RTM did not sanction this matter.

For that reason I am signing this letter as James W. Bruno as the original letter should have been. I should have made it clear that the RTM did not forward the complaint and that I did so as I said I would at a recent RTM meeting to get it out of the RTM's hands and into the possession of the proper authority.

Respectfully,

James W. Bruno
