

Watch Them Disappear!

Cheryl Morris has one question for Unk DaRos.

Where are the receipts, Unk?

After doing a lot of private business with and overseeing the Stony Creek Quarry from the First Selectman's office for 5 years, Unk DaRos can only produce receipts for about \$300.00. The only file was kept in his office. No department head had access to it.

That's after the quarry's on-site manager said DaRos personally took tons of material from the Stony Creek quarry, without paying.

He ran the town, personally did business with the quarry, and was in charge of the quarry.

Where are the receipts, Unk?
