On November 23, 2013 at approximately 9:10 p.m., Samuel See (See) arrived at the Union Avenue Detention Center (UADC) after being arrested by the New Haven Police Department (NHPD) and after being treated at Yale New Haven Hospital (YNHH) for injuries sustained during his arrest. INTERVIEWS

Anthony Riley, Supervising Judicial Marshal

This investigator met with SJM Anthony Riley (SJM Riley) on December 13, 2013 at Judicial Marshal Services in Hartford. Ricardo Taddei, CSEA, Local 2001, was present as SJM Riley's union representative. SJM Riley expounded upon his incident report, # 32766, dated 11/24/13 (exhibit 1). SJM Riley stated that on the date in question, he was the supervisor of 3rd shift and arrived for duty at 11:00 p.m. on 11/23/13. SJM Riley stated that See had already been processed and was housed in cell B-31 upon his arrival.

SJM Riley stated that See never spoke to him when he conducted his block tours and added that See never made any complaints, or asked for medical attention at any point. SJM Riley added that See acted "normally" while he was in his cell. SJM Riley stated that See alternated between sitting and lying down, and from the bottom bunk to the top bunk throughout the evening. SJM Riley stated that at no point in the evening did he hear See making any odd noises which would indicate that he was in distress.

SJM Riley stated that he was in his office "logging his tour" at 6:00 a.m. when JM Rivas came to inform him that there was a problem with See. SJM Riley went to See's cell and found marshals removing See from the top bunk and placing him on the floor. SJM Riley stated that See's skin appeared "pale" when the marshals checked See's vital signs, and began CPR.

SJM Riley stated that at some point, the Automated External Defibrillator (AED) was attached to See by JM Rivas. SJM Riley added that American Medical Response EMS (AMR EMS) arrived a few minutes later, "after only a few cycles of CPR [performed by the marshals]." They were followed minutes later by the New Haven Fire Department Paramedic (NHFD Paramedic). SJM Riley stated that while EMS was doing compressions, he was providing respirations to See using a bag valve mask device (BVM). SJM Riley stated that the NHFD Paramedic advised them to stop CPR, "hooked up his monitor" and told them that there was nothing they could do for See. SJM Riley added that he heard the NHFD Paramedic say that See was "asystole."¹

SJM Riley stated that at this point, he went to the office to notify the Chief (Chief Judicial Marshal Jaime Lettieri) and Deputy Chief (Deputy Chief Judicial Marshal Jeannie Valente) of this incident. Shortly after, he was summoned to B-block because See's husband was distraught and did not want to leave the block. SJM Riley advised him that as per procedure, he and the other inmates had to be relocated.

Timothy Reilly, Lead Judicial Marshal

This investigator met with Lead Judicial Marshal Timothy Reilly (LJM Reilly) on December 12, 2013 at Court Operations Administration in Hartford. Maritsa St. Jacques, IBPO, Local 731, was present as LJM Reilly's union representative.

¹ Dorland's Medical Dictionary for Health Consumers defines asystole as cardiac standstill or arrest; absence of heartbeat, asystolic.

LJM Reilly expounded upon his incident report, # 32766, dated 11/24/13 (exhibit 2). LJM Reilly stated that on the date in question, he was the "Lead" on 3rd shift and would have "been in at 2300 hours (11 p.m.)" on 11/23/13. LJM Reilly stated that See was already housed in cell B-31 upon his arrival for duty.

LJM Reilly stated that sometime between 11:00 p.m. and 12:00 a.m. he handed out food to the inmates and remembered giving See a sandwich and drink. LJM Reilly added that See may have said "thank you" to him. LJM Reilly stated that See acted "no different" than any other inmate, "was quiet," and at no time during LJM Reilly's shift, did See appear to be in distress, nor did he ask for medical assistance.

LJM Reilly stated that See may have had an argument while in his cell, with his husband, identified by LJM Reilly as Sunder Ganglani (Ganglani), who was housed in cell B-46. LJM Reilly could not recall with any degree of certainty if one actually occurred. This investigator asked LJM Reilly if it was common for individuals who had been involved in domestic disputes, to be housed in the same cell block. LJM Reilly stated that efforts are made to keep inmates separate by placing them in cells so that they do not "have to pass each other" once they are processed. In See's case, he was placed in a cell at the end of B-block so that he would not have to walk in front of Ganglani's cell at any point.

LJM Reilly stated that he conducted his block tour at 5:45 a.m. and had a "straight shot" view into See's cell as he entered B-block. LJM Reilly stated that See was on the top bunk with his feet facing toward the door. LJM Reilly did not notice anything out of the ordinary with See at that point.

LJM Reilly stated that at approximately 6:00 a.m. he and Judicial Marshal Alberto Rivas (JM Rivas) were handing out meals to the inmates and LJM Reilly was conducting his block tour. LJM Reilly stated that JM Rivas was standing in front of See's cell and called for him to come to the cell because See "didn't look right." At this point LJM Reilly stated that he noticed that See's right arm was hanging over the side of the top bunk at an odd angle. LJM Reilly said to JM Rivas "no, his arm doesn't look right at all." LJM Reilly described See's arm as being bent backward and it "almost looked contorted," "it wasn't normal." This investigator asked LJM Reilly if he recalled seeing See's arm as he described during his tour at 5:45 a.m. LJM Reilly stated "if I had seen that [See's arm], it would have triggered [concern]." He could not definitively recall if See's arm was in that position during his 5:45 a.m. tour.

LJM Reilly stated that JM Rivas moved See's foot in an effort to rouse him and received no response. LJM Reilly stated that at this point he reached through the cell bars and tapped his key on the underside of the top bunk because this "sometimes wakes people." There was still no response from See. LJM Reilly stated that he then observed See to see if his chest was rising and falling and seeing that it was not, he entered the cell.

LJM Reilly stated that See's mouth and eyes were open. LJM Reilly added that his eyes were "glazed and glassy." LJM Reilly did not recall if See was discolored and stated that to the best of his recollection, there were "no signs of suicide" (i.e., strings on neck, choking, etc.). LJM Reilly told JM Rivas to call 911, get the AED, and the other marshals to assist with removing See from the cell.

LJM Reilly stated that Judicial Marshal Christopher Dadio (JM Dadio) and Judicial Marshal Donald Abdul-Lateef (JM Abdul-Lateef) arrived and assisted him with removing See from the top bunk. LJM Reilly stated that See was "warm to the touch, and "limp" with "no rigor mortis." See was placed on the floor, his sweatshirt and shirt were removed and JM Dadio "immediately" began chest compressions. LJM Reilly could not recall if See's body was discolored once his clothing was removed. JM Abdul-Lateef set up his CPR mask and began administering respirations to See. LJM Reilly stated that JM Rivas arrived with the AED and attached the pads to See. The AED analyzed and advised "no shock." LJM Reilly stated that CPR resumed and continued until the AMR EMS crew arrived and took over CPR.

LJM Reilly stated that shortly after AMR EMS arrival, the NHFD Paramedic arrived and advised AMR EMS to stop CPR so that he could "hook up his monitor" to See. LJM Reilly stated that the NHFD Paramedic connected his monitor and advised he and the other marshals that See was "asystole" and told them "there is nothing you guys can do for him." LJM Reilly stated that a marshal remained with See's body until its removal from UADC.

Donald Abdul-Lateef, Judicial Marshal

This investigator met with JM Abdul-Lateef on December 16, 2013 at Court Operations Administration in Hartford. Maritsa St. Jacques, IBPO, Local 731, was present as JM Abdul-Lateef's union representative. JM Abdul-Lateef expounded upon his incident report, # 32766, dated 11/24/13 (exhibit 3). JM Abdul-Lateef stated that on the date in question he was working an overtime shift and arrived at UADC on 11/23/13 at 11:00 p.m. JM Abdul-Lateef added that See was already housed in cell B-31 upon his arrival for duty.

SJM Abdul-Lateef was assigned to block tours and was "sharing" them with JM Dadio." He stated that he observed nothing out of the ordinary with See. JM Abdul-Lateef stated that at one point in the evening, See was sitting "Indian style" on the bottom bunk of his cell. See never indicated to JM Abdul-Lateef that he was in pain, needed medical attention, or wanted to make any telephone calls. JM Abdul-Lateef stated that he never heard any sounds of distress from See at all during the evening. JM Abdul-Lateef added that See remained "relatively quiet."

JM Abdul-Lateef stated that he was sitting in the room behind intake when JM Rivas entered and said they needed help because an inmate was unresponsive. JM Abdul-Lateef ran to the cell (B-31), saw LJM Reilly in the cell, and entered with JM Dadio. JM Abdul-Lateef stated that See was on the top bunk, lying flat on his back and had "glossy, red, bloodshot eyes." JM Abdul-Lateef added that See's skin appeared pale and his right arm was hanging off the side of the bunk.

JM Abdul-Lateef stated that he checked See for a pulse and shook him and got no response. JM Abdul-Lateef assisted LJM Reilly and JM Dadio in removing See from the top bunk, to the floor. JM Abdul-Lateef re-checked See's vitals, removed his shirt and he and the other marshals immediately began CPR. JM Abdul-Lateef stated that JM Rivas arrived with the AED and hooked the pads to See. He added that EMS arrived "maybe 15 to 20 minutes after" and took over CPR. JM Abdul-Lateef stated that the NHFD Paramedic arrived on scene, "hooked up [his] machine," and shortly after, declared See deceased.

JM Abdul-Lateef stated that he spoke with See's husband in an attempt to calm him until all inmates could be relocated to another area. See's body was covered with a blanket and later removed by representatives from the Chief Medical Examiner's office.

Christopher Dadio, Judicial Marshal

This investigator met with JM Dadio on December 12, 2013 at UADC in New Haven. Maritsa St. Jacques, IBPO, Local 731, was present as JM Dadio's union representative. JM Dadio expounded upon his incident report, # 32766, dated 11/24/13 (exhibit 4). JM Dadio stated that on the date in question he was working an overtime shift and arrived at UADC on 11/23/13 at 11:00 p.m. JM Dadio stated that See was already housed in cell B-31 upon his arrival for duty.

JM Dadio stated that See "seemed fine," "had no complaints," "did not seem altered at all," "was calm," and did not ask for medical attention at any point during his incarceration. JM Dadio stated that See asked him for a juice during

his first tour (approximately 11:30 p.m.) and that the juice was given to See by LJM Reilly.

JM Dadio stated that during his 4:30 a.m. tour or 5:30 a.m. tour² that See was seated "Indian style" on his top bunk and asked him for a drink. JM Dadio stated that the drink was not delivered until 6:00 a.m. when food was being distributed to all inmates. JM Dadio added "every time I did my tours he [See] was sitting on the bottom bunk," at "4:30 or 5:30 he was on the top bunk."

JM Dadio stated that he was in the break room when he heard JM Rivas trying to rouse See. JM Dadio added that he looked at JM Abdul-Lateef and said "it doesn't sound good" and both proceeded to the cell block. JM Dadio stated that en route to the cell they passed JM Rivas who was heading toward the intake room.

JM Dadio stated that when he arrived at See's cell, LJM Reilly was inside of the cell and he and JM Abdul-Lateef entered to help remove See from the top bunk. JM Dadio stated "I could already tell he was dead." JM Dadio described See as "still warm, very warm," and that he had "defecated himself." He added that See's face was "red," his eyes were open and "glazed" and his mouth was open. JM Dadio stated that See was lying on his back with his feet to the outside of the cell with his arms at his sides.

JM Dadio stated that he began chest compressions as soon as See was placed on the floor. Once the AED arrived, the pads were attached to See; it analyzed and advised them to continue CPR. JM Dadio did one more cycle of compressions and was relieved by Judicial Marshal Michael Harrington (JM Harrington). JM Dadio stated that AMR EMS arrived and took over patient care. JM Dadio stated that shortly after, the NHFD Paramedic arrived, hooked his monitor up to See, and advised them to stop CPR as there was "nothing more that could be done."

JM Dadio stated that at no time during his shift did See ask for medical attention. JM Dadio added that he never heard See moaning, or making noises as if he were in distress.

Michael Harrington, Judicial Marshal

This investigator met with Judicial Marshal Michael Harrington (JM Harrington) on December 16, 2013 at Court Operations Administration in Hartford. Maritsa St. Jacques, IBPO, Local 731, was present as JM Harrington's union

² JM Dadio could not recall with any degree of certainty whether it was his 4:30 a.m. or 5:30 a.m. tour.

representative. JM Harrington expounded upon his incident report, # 32766, dated 11/24/13 (exhibit 5). JM Harrington stated that on the date in question he was working 3rd shift and arrived at 11 p.m. on 11/23/13 and worked until 7:30 a.m. on 11/24/12. JM Harrington stated that See was already housed in cell B-31 upon his arrival for duty.

In reviewing the surveillance video from UADC, B-block and M-block (exhibits 8 & 9) on 11/24/13, this investigator observed JM Harrington stopping outside of See's cell at 4:13:39 a.m. and having a conversation with him. JM Harrington proceeded to depart the area at 4:14:00 a.m. He returned to See's cell at 4:15:51 a.m. and appeared to have another conversation with See until 4:16:37 a.m. This investigator asked JM Harrington what these conversations with See pertained to. JM Harrington stated that See had called him over to his cell and asked him if his (See's) sister had called. JM Harrington stated that he told See he would "look into it." JM Harrington stated that he left See to ask SJM Riley if See's sister had called UADC. JM Harrington stated that SJM Riley told him that See's mother had called and said "something about his medication" and that she was going to bring it to See. JM Harrington stated that he returned to See's cell to give him this information. JM Harrington stated that after telling See that his mother was bringing his medication, See responded by saying "what, is she going to perform a miracle?" JM Harrington did not know what See meant by this comment at the time and did not ask See what it meant until later when he learned that See's mother and father lived on the West Coast.

JM Harrington added that when he was speaking with See "he didn't look well." He had a shaved head, and sunken cheeks, he looked like a "concentration camp person." JM Harrington stated that See "never gave the indication that he was sick other than the way he looked," he never asked JM Harrington for medical attention and he never elaborated as to what the medications were for. JM Harrington stated that he "heard that See was asking 2nd shift for his medication." JM Harrington added that during this conversation with See, "he was very polite, unlike anyone else" and because of this, JM Harrington would have "gone out of his way" to help him.

While reviewing the surveillance video from UADC, B-block (exhibit 8), this investigator observed JM Harrington, while conducting a block tour at 5:09:44 a.m., look into See's cell, proceed past, and then turn back to See's cell. JM Harrington looked into See's cell again then returned to his tour. This investigator asked JM Harrington why he returned to See's cell to look into it again after his initial pass. JM Harrington stated "maybe I didn't look and went back to check." This investigator asked JM Harrington what he had observed. He

stated that See was "just laying on the top bunk like he was sleeping." He added that his right arm was "possibly hanging" off the bunk or "on the edge" of the bunk, "nothing seemed odd." JM Harrington stated that See was not making any odd noises, nor was he coughing or vomiting.

JM Harrington stated that he was in the break room at 6:00 a.m. and "heard raised voices but not exact words" and "got up to head there." He stated that JM Rivas came back to get them. JM Harrington stated that when he arrived at See's cell LJM Reilly was inside and said "we gotta get this guy out of here." JM Harrington stated that See was still on the top bunk and LJM Reilly, JM Rivas, and one other marshal put him on the floor and started CPR. JM Harrington remembered asking if anyone had checked See's vitals and JM Rivas arriving with the AED. JM Harrington stated that they had a difficult time removing See's shirt because "there were no scissors."

JM Harrington stated that EMS arrived about "4 to 5 minutes after" the marshals had started CPR. He added that "the male EMT" took over compressions. Shortly after that, JM Harrington stated that the NHFD Paramedic arrived, cleared everyone from around See "to monitor" and then told them something to the effect of "he's gone." JM Harrington stated that they covered See's body with a sheet because See's husband was "freaking out." JM Harrington stated that he remained in the area until LJM Reilly told him "there's nothing else we can do for him."

Alberto Rivas, Judicial Marshal

This investigator met with Judicial Marshal Alberto Rivas (JM Rivas) on December 12, 2013 at UADC in New Haven. Maritsa St. Jacques, IBPO, Local 731, was present as JM Rivas' union representative. JM Rivas expounded upon his incident report, # 32766, dated 11/24/13 (exhibit 6). JM Rivas stated that on the date in question, he was working an overtime shift and arrived at UADC on 11/23/13 at 11:00 p.m. JM Rivas stated that See was already housed in cell B-31 upon his arrival for duty. JM Rivas was assigned to intake as well as conducting block tours every "quarter of" (e.g., 11:45, 12:45, 1:45).

JM Rivas stated that the times he saw See, he "looked and acted normal," and he "had some bruises on his face." JM Rivas added that See never told him he wasn't feeling well, nor did he request medical attention.

JM Rivas did not recall See's location within his cell (i.e., top bunk, bottom bunk) when he conducted his tour at 4:42 a.m., his last before finding See unresponsive

at 6:00 a.m. JM Rivas stated that the block "was quiet" and he did not see anything out of the ordinary. JM Rivas stated that he looks at inmates to "make sure their chest is moving."

JM Rivas stated that at 6:00 a.m., he assisted LJM Reilly with the distribution of prisoner meals. When he arrived at See's cell and announced that food was available, See did not respond. JM Rivas stated that he shook See's foot through the cell and got no response. JM Rivas shook See's foot a second time, and when he still received no response he said to LJM Reilly that something was wrong and they needed to enter the cell. JM Rivas stated that he and LJM Reilly entered See's cell, LJM Reilly shook See, who remained unresponsive. JM Rivas stated that See "looked to be sleeping" when they entered the cell. JM Rivas added that See's right arm was hanging over the side of the top bunk but "not in any odd way." JM Rivas stated that he ran "to the front [intake]" and told SJM Riley that "B-31 was unresponsive," and retrieved the AED.

JM Rivas stated that upon his return, he attached the AED to See's chest, and allowed it to analyze See. The AED advised staff to continue CPR which they did. JM Rivas had no further information.

Gerald Williams, Judicial Marshal

This investigator met with Judicial Marshal Gerald Williams (JM Williams) on December 12, 2013 at UADC in New Haven. Maritsa St. Jacques, IBPO, Local 731, was present as JM Williams' union representative. JM Williams expounded upon his incident report, # 32766, dated 11/24/13 (exhibit 7). JM Williams stated that on the date in question he arrived at UADC at 11:00 p.m. on 11/23/13 and was assigned to the control desk. JM Williams stated that he believed See was already in his cell when he arrived for duty and that he had been brought in around 9:00 p.m. that evening.

JM Williams stated that he did not perform any block tours prior to See's death but remembered doing a tour after See was covered with a blanket and EMS had left the scene. JM Williams stated that when See was discovered unresponsive, he was told to stay "at control" and handle those duties. JM Williams stated that he never saw See and did not assist with his removal from the cell or with CPR. JM Williams stated that he "was recording everyone coming into the block." JM Williams stated that he was at the control desk when See's body was removed by the Medical Examiner. JM Williams stated that he did not recall hearing anything from See that was "out of the ordinary for the environment."

The following interviews were necessitated by JM Harrington's statements regarding the conversation he had with See at 4:13 a.m. in which See asked JM Harrington if his sister had called for him, JM Harrington stating that he "heard that See was asking 2nd shift for his medication," and JM Harrington discovering that SJM Riley had spoken to See's mother regarding See's medication.

Anthony Riley, Supervising Judicial Marshal

SJM Riley stated that he did not recall any Marshals asking him to contact See's family nor was he asked for medication by See or Judicial Marshals. SJM Riley stated that JM Harrington came to him and asked if See's sister had called. SJM Riley advised JM Harrington that she had not, but advised him that See's mother had called and was "concerned with medication." SJM Riley stated that he told See's mother that she was free to bring it to him, at which time she advised SJM Riley that she was in California. SJM Riley stated that he advised See's mother that anyone could bring medication to him. SJM Riley stated that she asked him if a nurse could "bring it down" in the morning. SJM Riley told See's mother that a nurse could bring the medication in the morning and informed her that he would only be there until 7 a.m. and if the nurse arrived later, there would be another supervisor on shift.

SJM Riley stated that See's mother said something to the effect of "I'll see what I can do" but gave no indication as to when, or if, someone would be coming to UADC with medication for See. SJM Riley relayed this information to JM Harrington who then advised See.

Edward Saccu, Judicial Marshal

JM Saccu stated that See was conscious and standing and was not screaming, yelling or making a scene. JM Saccu stated that in the short period of time he was around See, he never said

CONCLUSION

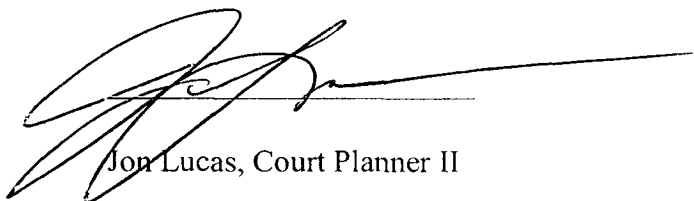

Based on the information gathered during this investigation, it can be concluded that Judicial Marshal Services staff working at Union Avenue Detention Center on November 23, 2013 and November 24, 2013, performed their duties as prescribed by The Judicial Branch Administrative Policies and Procedures Manual and The Judicial Marshal Services Policy and Procedure Manual. As such, there is no evidence to support the fact Samuel See's death at Union Avenue Detention Center on November 24, 2013 was the result of negligence or inattention by Judicial Marshal Services staff.

SURVEILLANCE VIDEO TIMELINE

Saturday November 23, 2013 to Sunday November 24, 2013

This investigator's review of surveillance video footage of UADC B-block, made note of whether or not Judicial Marshals made visual contact with See's cell while conducting block tours. In some instances it could not be determined from the video footage whether or not visual contact was made with See's cell. Therefore, this investigator visited UADC and re-traced the route that marshals took during their block tours on the dates in question. This investigator was able to determine that marshals had a clear view into See's cell (exhibits 10 & 11) approaching B-block from the Holding Tank/M-block hallway before coming into view of the surveillance camera for B-block. As such, it can be presumed that visual contact was made by marshals into See's cell, during all block tours.

On November 24, 2013 I was conducting my normal duties as Supervising Judicial Marshal on third shift at Union Avenue Detention Center. At approximately 06:00hrs, I was in the office logging in the supervisor's hourly 15 minute tour being done by Lead Judicial Marshal (LJM) Timothy Reilly, who was passing out food to prisoners as well with Judicial Marshal (JM) Alberto Rivas. I was alerted by JM Rivas that there may be a problem with a prisoner in B31 and that my assistance was required. I immediately left the office, put on protective gloves, and proceeded to the B-corridor holding cell B31. When I arrived at the cell LJM Reilly was inside of the cell and prisoner Samuel See (CMS #88069) was lying on the top bunk and appeared sleeping. LJM Reilly asked Marshals Dadio and Abdul-Lateef for assistance to help lift Mr. See off of the top bunk and to the floor and as marshals lifted Mr. See off of the top bunk and laid him on the floor I noticed Mr. See's skin was pale. I said I would call 9-1-1 because Mr. See was unresponsive and immediately went to the booking office and told New Haven Police Department (NHPD) officer Landisio to call 9-1-1 because of an unresponsive prisoner and gave him the prisoner's information. The call was placed at approximately 06:02hrs. Walking back to B-corridor I quickly stopped to give JM Gerald Williams instruction to stay at the desk and log in everything that goes on. I continued back to the scene and as I arrived I saw marshals conducting CPR while JM Rivas prepared the AED. I stayed and monitored the CPR being conducted to assure marshals were switching compression duties to avoid fatigue and CPR techniques were being done correctly. JM Rivas put the AED pads on Mr. See's chest, positioning them on the upper right and lower left chest. When the AED was connected it analyzed and CPR was stopped briefly, but continued when no shock was advised. CPR and AED analysis cycles continued until AMR personnel (Bute, Yawinski) arrived at approximately 06:05hrs and took over compressions for marshals and asked me to assist with the bag valve mask to administer breaths. The AED again analyzed and advised no shock as CPR was continued until New Haven Fire Department (NHPD) personnel (Oliver, Dawson) arrived at approximately 06:08hrs. CPR was ordered stopped by NHPD paramedic Oliver as NHPD began to hook up their machine to Mr. See. After a few moments NHPD paramedic Oliver said that Mr. See was in asystole and nothing further could be done for him. I immediately went to the office to make phone calls to notify my superiors. AMR personnel was released by NHPD paramedic Oliver at approximately 06:15hrs and departed. NHPD paramedic Oliver made the official death pronouncement at approximately 06:22hrs. JM Christopher Dadio got a white sheet from the front cabinet and covered the body of Mr. See. I ordered all marshals to stay away from the scene and the body from that point forward, with LJM Reilly decided all prisoners should be moved from B-corridor to A-corridor cell block with the exception of Sunder Ganglani who was placed in the front holding tank after finding out Mr. See was Mr. Ganglani's partner and visibly distraught. Mr. Ganglani was placed on a continuous suicide watch. It should be noted that a woman claiming to be Mr. See's mother called approximately between 23:00hrs and 24:00hrs on November 23, 2013 saying she was concerned that Mr. See did not have his medication with him. She explained that Mr. See 'has what she called "psych issues"'. I asked if she could bring medication in and she said she was calling from the west coast. I assured the woman if Mr. See asked for medical attention or had an incident involving illness I would send Mr. See to the hospital. At no time during the shift before Mr. See was found unresponsive did he ask me for any medical attention or appear in distress. Mr. See only kept alternating between lying down and sitting up during the hours of the night. **END OF REPORT**

On November 24th, at approximately 0600 hours, I was working down at union ave completing a cell block tour. At the same time, JM Rivas and myself were passing out food and drink to all inmates. As we approached cell B-31, JM Rivas noticed something may have been wrong with the gentleman in the cell. The gentleman was identified as Samuel See. Mr. See was laying on the upper bench with his feet towards the opening in the cell with his head toward the back. His arm was hanging off the bench. JM Rivas called me over to the cell and attempted to wake Mr. See by shaking his foot several times, he did not respond. I then tried to bang my key on the metal part of the cell to try and startle him to wake. Again, Mr. See did not respond. I stopped to notice and see if Mr. See's chest was rising and falling, it was not. I then entered the cell and attempted to shake Mr. See, again he did not respond. At this time I noticed Mr. See's eye were Glassy and glazed over. I told JM Rivas to go call EMS, get the AED, and notify the marshals. JM Daddio and JM Abdul arrived first and the three of us were able to get Mr. See off of the bunk and onto the floor. At this time, JM Daddio and JM Abdul started CPR. JM Rivas was setting up the AED while I was removing the cloths from Mr. See's chest. After 1 cycle of CPR, JM Rivas had applied the AED pads to Mr. See's chest. The machine analyzed and did not advise shock. JM Daddio and JM Abdul continued CPR. After another cycle JM Harrington relieved JM Daddio. After another analysis and cycle, I relieved JM Harrington. At about 0605 hours EMS arrived on scene with drivers Rebecca Butte and Chester Yazwinski. At this time, I was relieved from CPR by Chester Yazwinski. Chester continued CPR until approximately 06:09am when NHFD Paramedic Teddy Oliver took over from Chester and told us to

stop CPR. NHFD officer Teddy Oliver then hooked his machine up to Mr. See. After a minute or so of analyzing, NHFD Officer Oliver advised us to not continue CPR and there was nothing more we could do for Mr. See. Mr. See was pronounced dead at 0622 hours by NHFD officer Teddy Oliver. SJM Riley then informed us not to go near Mr. See and to leaving everything as is. I stayed on scene until I was relieved by JM Harrington to watch the site. Once relieved, I went into the office and helped SJM Riley contact DCJM Valente and CJM Lettieri. At approximately 06:45 hours DC Valente was notified of the incident and then was in route to the facility. After they were contacted, at approximately 06:47 hours, I went back into the cell block and with the assistance of all the marshals, we moved all inmates from B-Block to A-Block and covered Mr. See with a sheet. JM Harrington remained on the scene until JM Monacco relieved him. At approximately 07:25 hours DC Valente arrived. At approximately 7:52 hours, CJM Lettieri arrived. At approximately 07:52 hours, the medical examiners officer arrived with drivers Gist and Dorleans. NHPD officer Bottigliero also arrived at 0754 hours to take pictures. Medical Examiners officer was offsite at 0805 hours with Mr. See. It should be noted, at no time during my shift did Mr. See ask for medical attention or appear to be in any kind of duress. I preformed the previous cell check at 0545 hours and noticed nothing out of the ordinary with Mr. See, he appeared to be sleeping.

On 11-24-13 at 0600 Hours this writer was sitting in the intake area of Union Avenue Detention Center When I heard call's for assistance from Marshal Rivas and Lead Marshal Reilly. At that time this writer along with Marshal Abdul-Lateef made our way out to the cell block area as Marshal Rivas was making his way up to the in-take area to get the AED and have Supervisor Riley call 911. At that time Marshal Abdul-Lateef and I made our way to cell B31 where Lead Marshal Reilly was located we entered the cell and found Samuel See D.O.B 06-18-79 not responsive that is when Marshal's Reilly, Abdul-Lateef and I took arrestee See off the top bunk and placed him on the ground outside the cell. Marshals Abdul-Lateef and I immediately began CPR until the AED was ready. Once the AED was ready I continued chest compressions for one more cycle then Marshal Harrington took over. A short time later American Medical Response arrived and took over medical care. While American Medical Response was working on See I walked over to See's husband ID as Sunder Ganglani that was housed in cell B46 I questioned Ganglani about any medical conditions he stated that See was bipolar and also was off his medication Ganglani also stated that during the arrest See hit his head while struggling with officers I turned that information over to Supervisor Riley. Also at no time during the shift did arrestee See ask for medical attention or state he didn't feel well. *BOR*

8. Narrative (Use Additional Pages if Necessary)						

On November 24, 2013 at approximately 0600 LJM Reilly began to do the Supervisory tour along with JM Rivas who was feeding them at the same time. As I was sitting in the break room of the Union Avenue Detention Center I heard marshal Rivas yelling that there was something wrong. As I got up along with marshal Dadio, and marshal Abdul-Lateef we responded to the B-block in front of cell B-31. LJM Reilly was in the cell when we arrived saying that we needed to get this guy out of here. That's when JM Dadio and JM Abdul-Lateef entered the cell and lifted the Arrestee later identified as See, Samuel(dob 6-18-79) off the top bunk, he was laying on his back with his head all the way into the cell towards the back wall of cell and placed him onto the floor in front of his cell. LJM Reilly said to start CPR right away, JM Dadio and JM Revise started by removing his shirt to expose his bare chest. While JM Abdul-Lateef removed his mask from his pouch, JM Dadio began to do chest compressions at the rate of 100 per minute. After the chest compressions JM Abdul-Lateef gave two breaths watching the arrestees chest clearly rise and fall. JM Revise at the same time was getting the AED machine together, once ready he applied the pads onto the bare chest of the patient. Revise turned on the machine and it said to step away from the body that it was analyzing, it did not advise to shock the patient. CPR was continued for another two min cycle and the AED advised to stand clear again no shock was advised. After the third cycle with no shock advised I stepped in for JM Dadio and began chest compressions while JM Abdul-Lateef continued to give the breaths. I gave compressions for one two min cycle in which no shock was advised, LJM Reilly took over for me while I began to help JM Abdul-Lateef with positioning the mask. After one more cycle the two AMR drivers later identified as Bute, Rebecca and Yazwinski, Chester took over care for the patient. Mr. Yazwinski took over giving chest compressions while his partner Miss. Bute began to get a back board together. Moments later the NHFD arrived with officer Oliver, Teddy and officer Dawson, Octavis who began to take information about the patient and hook up one of there machines. After a few moments they said that the patient See, Sam was gone there was nothing else to do. JM Dadio retrieved a blanket to place over the victim, and I continued to stay with the body until LJM Reilly said, "that we are ok there is nothing else we could do". At no time through out the night did arrestee See ask myself for medical attention. Earlier during the shift, he did however ask about whether his sister had called? I asked the Supervisor Riley about any phone calls and he said, "His mother had called but not his sister". I then relayed that bit of info back to arrestee See in cell B-31. END OF REPORT

8. Narrative (Use Additional Pages if Necessary)						

On November 24, 2013 at approximately 0600 hrs. myself and LJM Reilly were feeding the prisoners. When we got to prisoner See, Samuel cell B31, he appear to be sleeping on the top bunk. I placed a juice and a sandwich on the cell bars and call him told him to take his meal. Prisoner See did not respond. I shook his feet trying to wake him up and there was no respond. At that time I told LJM Reilly that there was something wrong with Mr. See, that we should open the cell door and check him. LJM Reilly opened the cell door and went in the cell to check Mr. See and said to me "There is something wrong, he's not responding". At that time I ran to the front staff area. I told SJM Riley that B31 was unresponsive to activate 911 and I told the staff in the front desk that we needed help in B block cell B31. I Took the AED with me and went back to the B block. When I arrived At B31 LJM Reilly, JM Dadio and JM Abdul-Lateef had place Mr. See on the hallway floor and had started CPR. I took the AED out of the bag and placed the pads on Mr. See's chest. LJM Reilly turned the AED on. JM Dadio And JM Abdul-Lateef continued with the CPR until EMS arrived. At no time during my shift did Mr. See ask me for medical attention. End of Report.

More Information

Facial Laceration

A facial laceration is a cut on the face. Lacerations usually heal quickly, but they need special care to reduce scarring. It will take 1 to 2 years for the scar to lose its redness and to heal completely.

TREATMENT

Some facial lacerations may not require closure. Some lacerations may not be able to be closed due to an increased risk of infection. It is important to see your caregiver as soon as possible after an injury to minimize the risk of infection and to maximize the opportunity for successful closure.

If closure is appropriate, pain medicines may be given, if needed. The wound will be cleaned to help prevent infection. Your caregiver will use stitches (*sutures*), staples, wound glue (*adhesive*), or skin adhesive strips to repair the laceration. These tools bring the skin edges together to allow for faster healing and a better cosmetic outcome. However, all wounds will heal with a scar.

Once the wound has healed, scarring can be minimized by covering the wound with sunscreen during the day for 1 full year. Use a sunscreen with an SPF of at least 30. Sunscreen helps to reduce the pigment that will form in the scar. When applying sunscreen to a completely healed wound, massage the scar for a few minutes to help reduce the appearance of the scar. Use circular motions with your fingertips, on and around the scar.

Do not massage a healing wound.

HOME CARE INSTRUCTIONS

For sutures:

- Keep the wound clean and dry.
- If you were given a bandage (*dressing*), you should change it at least once a day. Also change the dressing if it becomes wet or dirty, or as directed by your caregiver.
- Wash the wound with soap and water 2 times a day. Rinse the wound off with water to remove all soap. Pat the wound dry with a clean towel.
- After cleaning, apply a thin layer of the antibiotic ointment recommended by your caregiver. This will help prevent infection and keep the dressing from sticking.
- You may shower as usual after the first 24 hours. **Do not** soak the wound in water until the sutures are removed.
- Only take over-the-counter or prescription medicines for pain, discomfort, or fever as directed by your caregiver.
- Get your sutures removed as directed by your caregiver. With facial lacerations, sutures should usually be taken out after 4 to 5 days to avoid stitch marks.
- Wait a few days after your sutures are removed before applying makeup.

For skin adhesive strips:

- Keep the wound clean and dry.
- **Do not** get the skin adhesive strips wet. You may bathe carefully, using caution to keep the wound dry.
- If the wound gets wet, pat it dry with a clean towel.
- Skin adhesive strips will fall off on their own. You may trim the strips as the wound heals. **Do not** remove skin adhesive strips that are still stuck to the wound. They will fall off in time.

For wound adhesive:

- You may briefly wet your wound in the shower or bath. **Do not** soak or scrub the wound. **Do not** swim. Avoid periods of heavy perspiration until the skin adhesive has fallen off on its own. After showering or bathing, gently pat the wound dry with a clean towel.
- **Do not** apply liquid medicine, cream medicine, ointment medicine, or makeup to your wound while the skin adhesive is in place. This may loosen the film before your wound is healed.
- If a dressing is placed over the wound, be careful not to apply tape directly over the skin adhesive. This may

More Information (continued)

cause the adhesive to be pulled off before the wound is healed.

- **Avoid** prolonged exposure to sunlight or tanning lamps while the skin adhesive is in place. Exposure to ultraviolet light in the first year will darken the scar.
- The skin adhesive will usually remain in place for 5 to 10 days, then naturally fall off the skin. **Do not** pick at the adhesive film.

You may need a tetanus shot if:

- You cannot remember when you had your last tetanus shot.
- You have never had a tetanus shot.

If you get a tetanus shot, your arm may swell, get red, and feel warm to the touch. This is common and not a problem. If you need a tetanus shot and you choose not to have one, there is a rare chance of getting tetanus. Sickness from tetanus can be serious.

SEEK IMMEDIATE MEDICAL CARE IF:

- You develop redness, pain, or swelling around the wound.
- There is yellowish-white fluid (*pus*) coming from the wound.
- You develop chills or a fever.

MAKE SURE YOU:

- Understand these instructions.
- Will watch your condition.
- Will get help right away if you are not doing well or get worse.
