RE: Commercial Motor Vehicle Exemptions
Freight Carriers (including Ryder)

Mr. Chairman, Committee Members and other Guests:

At last evening's committee meeting, Members or guests of your committee asked for the following:

- 1) List of owners presently receiving M65MV Commercial Motor Vehicle Exemption;
- 2) State of Connecticut Office of Policy and Management eligibility for Exemption; rented or leased vehicles not used "exclusively for freight" etc.; and
- 3) Ryder Truck Rental compliance in meeting filing deadline.

With respect to "1)" above, listing in Excel format is attached.

With respect to "2)" above, I have included pertinent portions of the State of Connecticut Office of Policy and Management criteria relating to rented or leased vehicles, and copy of Ryder's application indicating use as such.

You will note in Section II – Truck/Truck Tractor, that each of the vehicles involves Gross Vehicle Weights in excess of 55,000 pounds. OPM criteria do not have “exclusive use” criteria for vehicles in excess of 55,000 pounds. OPM Criteria state:

“(2) commercial motor vehicles with a GVW rating in excess of 55,000 pounds and which do not qualify for exemption under the criteria for the freight for hire exemption (with DOT Code limitations).” The applicant asserts and testifies under penalty of false statement that the application is true and complete. The exemption is mandatory; the municipality cannot deny.

Vehicles under GVW of 55,000 pounds (but greater than 26,000 pounds) must meet the exclusivity clause with respect to transport of freight for hire, but there is no restriction on rental or lease. The only other restrictions are those relative to the load or cargo transported. This is defined by OPM: *“If a rented vehicle is used exclusively to transport freight for hire and meets all other criteria, it qualifies for exemption under (i).”* OPM further defines the term “used exclusively to transport freight for hire” as: *“that the vehicle is used to transport “freight” for an unrelated party 100% of the time;”* and “freight” is defined by OPM as “merchandise or commercial goods having value.”

Exceptions to eligible freight would include garbage; certain livestock; wood chips; broken, crushed, or powdered glass; natural or crushed volcanic rock; and other specified materials.

“Transport” includes both interstate or intrastate according to statute and OPM criteria.

With respect to “3)” above, the vehicles were acquired and applied for as Supplemental Motor Vehicles, that is, they are assessable to the 10-1-08 Grand List, but were acquired after the M65MV filing deadline of November 1, 2008. Because the initial applications for previous vehicles met the filing deadline, Supplemental Motor Vehicles, must also be allowed the Exemption(s).

OPM Guidelines state: *“... qualifying motor vehicles that are registered after October 1, and prior to August 1, that will appear on the **Supplemental Motor Vehicle List** are eligible for exemption. In such a case, the vehicle will enjoy the exemption for which the vehicle qualifies for the first (partial) assessment year and the next four assessment years, as long as all requirements are met. If it is the initial filing for exemption, the applicant has until November 1, 2009 to file with the assessor of the municipality in which the vehicle is subject to taxation.”* Again, there is no local discretion here; the exemption must be applied despite the local inconvenience and revenue implications. Although subsequent to the November 1 filing date, the vehicles must receive the exemption.

Detail regarding all criteria for these exemptions can be found on the Intergovernmental Division of the OPM page of the State of Connecticut website.

I hope these responses satisfactorily address your concerns and questions. If you have any other questions, or require greater detail, please call me anytime.

Commercial Vehicles with M-65 Exemptions for 2009 G.L.

**616230 PROPERTY TAX EXEMPTION APPLICATION FOR A NEW COMMERCIAL TRUCK,
TRUCK TRACTOR, TRAILER OR SEMITRAILER**

Any person seeking a property tax exemption for an eligible commercial vehicle must file this form together with all required documentation on or before November 1, with the Assessor(s) of the town where the vehicle is subject to property taxation. A separate form must be filed for each tractor-trailer unit or each portion of such a unit (i.e., only one motorized unit and one towed element can be listed on a single form). Failure to file by November 1, constitutes a waiver of the right to the exemption for the assessment year unless a filing date extension is granted by the Assessor pursuant to CGS §12-81k.

Important: There are two categories under which your vehicle may qualify for exemption. Review eligibility requirements and definitions on reverse side of form prior to completing this application. Incomplete applications (i.e., those on which all the required information is not supplied, or those for which the required supporting documentation is not attached) cannot be processed by the Assessor(s).

INSTRUCTIONS: Print or type a response to each question, entering N/A (for not applicable) where appropriate. If you complete this application on behalf of the vehicle's owner, enter your telephone number. Although you may regard the vehicle as a single tractor-trailer unit, information must be separately supplied for the motorized and towed elements since the value of each must be individually determined. If space constraints do not allow you to answer a question completely, attach an additional sheet(s) that includes the name of vehicle owner(s), vehicle identification number, the question and your response. Sign the application and retain a copy for your records. Submit the original to the Assessor(s) together with a copy of the required documentation, consisting of: (1) a copy of a validated Form H-13 -- Application for Registration of a Motor Vehicle and Certificate of Title, as issued by the Connecticut Department of Motor Vehicles (DMV), which has a seal affixed to it and a DMV date-stamp in the upper right-hand corner, (2) a copy of the vehicle's bill(s) of sale or invoice(s); and (3) proof of the price paid for any modification(s) made to the vehicle between the date it was purchased and October 1.

616232 PROPERTY TAX EXEMPTION APPLICATION FOR A NEW COMMERCIAL TRUCK, TRUCK TRACTOR, TRAILER OR SEMITRAILER

2012 ✓

Any person seeking a property tax exemption for an eligible commercial vehicle must file this form together with all required documentation on or before November 1, with the Assessor(s) of the town where the vehicle is subject to property taxation. A separate form must be filed for each tractor-trailer unit or each portion of such a unit (i.e., only one motorized unit and one towed element can be listed on a single form). Failure to file by November 1, constitutes a waiver of the right to the exemption for the assessment year unless a filing date extension is granted by the Assessor pursuant to CGS §12-81k.

Important: There are two categories under which your vehicle may qualify for exemption. Review eligibility requirements and definitions on reverse side of form prior to completing this application. Incomplete applications (i.e., those on which all the required information is not supplied, or those for which the required supporting documentation is not attached) cannot be processed by the Assessor(s).

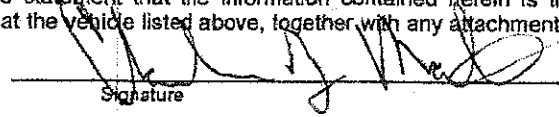

INSTRUCTIONS: Print or type a response to each question, entering N/A (for not applicable) where appropriate. If you complete this application on behalf of the vehicle's owner, enter your telephone number. Although you may regard the vehicle as a single tractor-trailer unit, information must be separately supplied for the motorized and towed elements since the value of each must be individually determined. If space constraints do not allow you to answer a question completely, attach an additional sheet(s) that includes the name of vehicle owner(s), vehicle identification number, the question and your response. Sign the application and retain a copy for your records. Submit the original to the Assessor(s) together with a copy of the required documentation, consisting of: (1) a copy of a validated Form H-13 - Application for Registration of a Motor Vehicle and Certificate of Title, as issued by the Connecticut Department of Motor Vehicles (DMV), which has a seal affixed to it and a DMV date-stamp in the upper right-hand corner; (2) a copy of the vehicle's bill(s) of sale or invoice(s); and (3) proof of the price paid for any modification(s) made to the vehicle between the date it was purchased and October 1.

**\$16228 PROPERTY TAX EXEMPTION APPLICATION FOR A NEW COMMERCIAL TRUCK,
TRUCK TRACTOR, TRAILER OR SEMITRAILER**

RECEIVED
FEB 09 2009
ASSESSORS

Any person seeking a property tax exemption for an eligible commercial vehicle must file this form together with all required documentation on or before November 1, with the Assessor(s) of the town where the vehicle is subject to property taxation. A separate form must be filed for each tractor-trailer unit or each portion of such a unit (i.e., only one motorized unit and one towed element can be listed on a single form). Failure to file by November 1, constitutes a waiver of the right to the exemption for the assessment year unless a filing date extension is granted by the Assessor pursuant to CGS §12-81k.

Important: There are two categories under which your vehicle may qualify for exemption. Review eligibility requirements and definitions on reverse side of form prior to completing this application. Incomplete applications (i.e., those on which all the required information is not supplied, or those for which the required supporting documentation is not attached) cannot be processed by the Assessor(s).

INSTRUCTIONS: Print or type a response to each question, entering N/A (for not applicable) where appropriate. If you complete this application on behalf of the vehicle's owner, enter your telephone number. Although you may regard the vehicle as a single tractor-trailer unit, information must be separately supplied for the motorized and towed elements since the value of each must be individually determined. If space constraints do not allow you to answer a question completely, attach an additional sheet(s) that includes the name of vehicle owner(s), vehicle identification number, the question and your response. Sign the application and retain a copy for your records. Submit the original to the Assessor(s) together with a copy of the required documentation, consisting of: (1) a copy of a validated Form H-13 -- Application for Registration of a Motor Vehicle and Certificate of Title, as issued by the Connecticut Department of Motor Vehicles (DMV), which has a seal affixed to it and a DMV date-stamp in the upper right-hand corner; (2) a copy of the vehicle's bill(s) of sale or invoice(s); and (3) proof of the price paid for any modification(s) made to the vehicle between the date it was purchased and October 1.
