Principal: Peggy Moore
School Type: High School

Dear Members of the School Community,

This report tells you what members of the school community said about the learning environment at your school. This information is designed to support a dialogue among all members of the school community on how to make the school a better place for learning. Taking the time to reflect on how well we serve children is an important step in improving our schools. Thank you to all parents, students, teachers and staff who filled out a survey this year, and to all of you who work year-round to improve student learning.

Dr. Reginald Mayo, Superintendent
