April 12, 2017

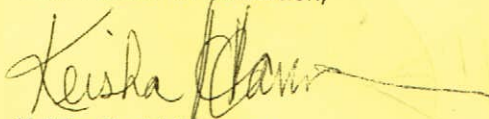

Greetings Parents,

The security team from NHPS visited our school this morning to perform bookbag inspections. These inspections were conducted as part of a visitor entrance protocol. This is just one security measure that is in place across the district, such as our lockdown procedure. Please know that there has not been any reported security threat to our students, parents or staff. The security team will continue to rotate to various schools throughout the district. These measures are proactive safety procedures that will hopefully continue to ensure that our children learn in a safe environment.

I encourage you to discuss this morning's arrival with your child and utilize it as an opportunity to talk about being safe at school, at home, and in the community. Please remind your child to always tell an adult if he/she ever feels uncomfortable or sees something that makes them feel uneasy. You may also visit the website <http://www.safewise.com/blog/what-parents-can-do-to-make-sure-kids-are-safe-at-school/> to further discuss school safety with your child and the school.

If you have any questions or concerns regarding today's arrival or anything else, please feel free to contact me on (475)220-3400.

Your Partner in Education,

Keisha Redd-Hannans
